Connecting Patients to Support

Call ExactCare's Dedicated Referral and Scheduling Line

Phone: 1-844-287-1609

Call with the patient to schedule their health and medication review or if you need assistance referring.

Communicating with Patients About ExactCare

"Hi [Patient Name], I would like to tell you about a pharmacy called ExactCare that can help you with your medication management. They specialize in helping people who take multiple medications every day. ExactCare will sort and package your medications by day and time to make it easier for you to take them as prescribed. The medications will be delivered to you every month.

ExactCare will also communicate with all of your physicians to make sure that everyone is aware of what medications you are taking.

Is it OK if we ask ExactCare to contact you to get started?"

Frequently Asked Questions

How much is this going to cost me?

- There is no charge for ExactCare's support, including delivery, packaging and clinical pharmacy services
- You pay only your prescription copayments, if you have them
- As you get started, ExactCare will discuss any copayments with you, if you have them

Why should I choose ExactCare as my pharmacy?

- ExactCare specializes in helping people who live with chronic diseases or manage multiple daily medications
- ExactCare offers multi-dose packaging that separates your medications by day and time you should take them
- An ExactCare pharmacist reviews your medications each month to look for possible risks to your health

Is medication delivery safe and reliable?

- Yes! ExactCare successfully delivers medications to people every day, using a variety of shipping methods
- ExactCare sends your medications in a discrete, unmarked box for privacy
- If you are away from home for an extended period of time, you can temporarily change your shipping address

What if my family/caregiver takes care of my medications for me?

- ExactCare can work directly with your caregivers, with your consent
- Your caregiver will appreciate having your medications pre-sorted and organized by time of day
- ExactCare helps you and your caregiver understand how to take your medications as prescribed

What if my medications change frequently?

- ExactCare will work with you and your doctors to manage your medication changes
- Depending on the situation, we may wait until the next ExactPack to include the new medication; send a short supply in a vial; or send a whole new ExactPack

Do you accept my insurance?

- ExactCare accepts most major insurance plans, including Medicare Part D, Medicaid and private-pay insurance
- ExactCare does not accept VA or 90-day mail order prescription plans
- They bill your insurance company directly to make the process easy for you
